We all believe lies. Some of these lies are small and harmless, while others can have a profound impact on our lives.

The lies we believe can come from many sources: our parents, our teachers, our friends, the media, and even our own minds.

Some of the most common lies we believe include:

- I'm not good enough.
- I'm not lovable.
- I don't deserve to be happy.
- I'm a failure.

- I'm going to die alone.

These lies can keep us from living our full potential. They can hold us back from pursuing our dreams, from building healthy relationships, and from finding true happiness.

The good news is that we can choose to believe the truth instead of the lies.

The truth is that we are all good enough.

The truth is that we are all lovable.

The truth is that we all deserve to be happy.

The truth is that we are all capable of great things.

The truth is that we are all loved.

When we believe the truth, we are set free.

We are free to be who we are.

We are free to pursue our dreams.

We are free to build healthy relationships.

We are free to find true happiness.

If you are ready to break free from the lies that have been holding you back, then I invite you to read *And The Truth That Sets Them Free: Lies*
