## **Review**

The Earthling Daughter Soldiers Of Earthrise is a well-written and exciting science fiction novel. The story is fast-paced and action-packed, and the characters are well-developed and believable. The author does a great job of creating a sense of suspense and urgency, and I found myself rooting for Anya and Katya throughout the novel.

One of the things I enjoyed most about this book was the strong female characters. Anya and Katya are both strong and independent women who are determined to save their world. They are not afraid to fight for what they believe in, and they are not afraid to make sacrifices for the greater good.

I also enjoyed the author's world-building. The novel is set in a well-developed and believable future, and the author does a great job of describing the technology and society of the future. I found myself immersed in the world of the novel, and I could easily imagine myself living in the year 2245.

Overall, I highly recommend The Earthling Daughter Soldiers Of Earthrise to fans of science fiction, adventure, and strong female characters. This is a well-written and exciting novel that will keep you entertained from beginning to end.
