In his new book, *The Origins of Our Discontents*, Robert D. Kaplan argues that the world is entering a new era of uncertainty and danger. The rise of China and the decline of the West are creating a new world Free Download that is more volatile and dangerous than the one we have known.

Kaplan is a Pulitzer Prize-winning journalist and historian who has written extensively about foreign affairs. In *The Origins of Our Discontents*, he draws on his deep knowledge of history and current events to provide a sobering assessment of the state of the world.

Kaplan argues that the West has been in decline for several decades. The rise of China and the collapse of the Soviet Union have created a new power vacuum in the world, and the West has not been able to fill it. As a result, the world is becoming more unstable and dangerous.

Kaplan also argues that the West is facing a crisis of identity. The West has long been defined by its values of democracy, human rights, and the rule of law. However, these values are now under attack from both within and outside the West.

Kaplan concludes *The Origins of Our Discontents* with a call for the West to wake up to the dangers it faces. He argues that the West must rebuild its strength and reaffirm its values if it wants to avoid a future of decline and conflict.

*The Origins of Our Discontents* is a timely and important book. Kaplan provides a clear-eyed assessment of the state of the world and offers a sobering warning about the future. This is a book that everyone who is concerned about the future of the world should read.

## **About the Author**

Robert D. Kaplan is a Pulitzer Prize-winning journalist and historian. He is the author of several books on foreign affairs, including *The Revenge of Geography* and *In the Garden of Beasts*.

## **Reviews**

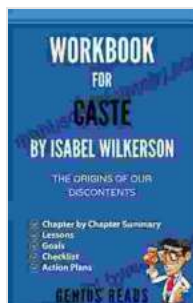

"*The Origins of Our Discontents* is a brilliant and deeply troubling book. Kaplan has written a masterpiece that will be debated and discussed for years to come." —Fareed Zakaria, CNN

"Kaplan has written an essential book for understanding the challenges facing the world today. *The Origins of Our Discontents* is a must-read for anyone who wants to stay informed about the future." —Walter Isaacson, author of *Steve Jobs*
